Show My Homework

For Teachers, Students and Parents

Autumn 2017

Why is homework important?

- Homework is not always valued by students
- However, hard evidence suggests that homework makes a positive difference (Professor Susan Hallam and the DfE)
- *Students who did homework were 10 times more likely to do well in GCSEs*
- *Homework is particularly important for lower ability students*

In short, homework is indispensable to student progress and enriching the subject

Tips to support with homework

Parents can assist by

- Providing a table, chair and a quiet place to work
- Removing distractions – tv/mobile phones etc
- Negotiating with the student when homework is to be done as a student's free play is important too
- Checking the time spent on individual tasks and outcome compared to tasks
- Ensuring that outside clubs do not hamper a child's quality of work and put a child under undue pressure
- Checking presentation and content of all homework being returned to school – is it their best effort?
- Signing the homework diary each week
- Providing the school with information about any problems through the student planner or by contacting the school directly

Multiple children

If you have more than one child at the school, they will appear on the same

page

From here you can find their Homework

The image displays a web application interface for a teacher named Mr. Barry Breadstick. The main page is titled "Select student" and features a search bar and a list of three students:

- Billy Breadstick**: Last activity 2 days ago, 4 items overdue.
- Jimmy Breadstick**: Last activity 4 days ago, 2 items overdue.
- Sarah Breadstick**: Last activity 1 day ago, No items overdue.

Each student profile includes a "View to-do list", "View gradebook", and "View notice board" link. A "Recovery PIN - G07274070" is displayed at the bottom of each profile. A legend at the bottom indicates that green circles represent "Announcements" and red circles represent "Events".

A smartphone overlay on the left shows the mobile version of the "Select profile" screen, which lists the same three students with their respective homework due dates and overdue item counts.

Homework calendar

Homework appears in the calendar as a block, stretching from the issue date to the due date

The screenshot shows a web-based homework calendar interface. At the top, there is a search bar and a notification icon with a '2'. Below this, the user's profile 'Billy Breadstick's homework' is visible. The main area is titled 'Calendar' and shows '5 Homework yet to submit', '2 Deadline finishes today', and '2 Homework past due date'. The calendar is set to 'My calendar' and 'School calendar'. Filters include 'All teachers', 'All subjects', 'All classes', 'All years', and 'All tasks'. The calendar view is for 'March 9th - 15th, 2015' and is displayed in 'Week' mode. The grid shows tasks as colored blocks:
